# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

### Prepositioning of Resources and Personnel by Flood Operation Center (FOC), Department of Water Resources (DWR)

- The next series of storms will move across most of the state Tuesday afternoon into early Thursday.
- In northern California, widespread rain in the valley will continue through Thursday night, with snow levels forecast to rise above 6500 feet. Thursday night snow levels are forecast to fall to as low as 2,000 feet and precipitation above the reservoirs should fall in the form of snow, limiting runoff. The forecast now expects more rainfall and runoff in the Russian/Napa and Sierra Nevada areas than previously expected through Thursday night.
- In Southern California, the forecast now expects more rainfall and runoff than previously expected through Thursday night, including strong winds Thursday morning. Snow levels rising 8000-9000 feet on Wednesday, then dropping 6500-7500 feet on Thursday night.
- The next weather and hydrology briefing is scheduled for 1000 hours on Thursday 02/14/19.
- The CA NV River Forecast Center will be extending staffing hours Wednesday through Thursday, possibly longer, and issuing additional river forecast bulletins as the storms move through the state.
- The FOC will be monitoring forecasts, updating river recordings, and participating on various weather-related conference calls.
- During the Merced County coordination call, Merced County stated the moisture plume went further north and they are not receiving as much rainfall as expected.
- The FOC has made the following high water notification calls, and will continue to make calls as needed.
  - Sacramento River: Sacramento River at Tehama Bridge, Vina-Woodson Bridge, Hamilton City, Ord Ferry, Fremont Weir
  - Russian/Napa: Russian River at Healdsburg, Hopland, and Guerneville Bridge, Napa River at St. Helena and Napa, Navarro River at Navarro
  - San Joaquin: Cosumnes River at Michigan Bar and McConnell
  - North Coast: Eel River at Fernbridge
  - Cache Creek at Yolo
- On Thursday morning, flood fight specialists will be in key areas of the flood control system to observe its response to the heavy precipitation.
- DFM Inspection staff is travelling to the following locations to inspect areas of interest today, and will inspect other areas tomorrow:
  - Arcade Creek to check various pumping plants
  - Delta to check new levee construction in West Sacramento and areas of Sutter Slough
- Sutter Maintenance Yard is performing levee patrols on Cherokee Canal, and operating pumping plants on the Sutter Bypass at Plants 1, 2, and 3.
- Sacramento Maintenance Yard is performing levee patrols on Cache Creek from 2200 hours tonight to 2300 2/14/19.

# SITUATION SUMMARY

## February Winter Storms

### **Mid-Week Winter Weather**

A strong storm system is currently impacting California. Storm activity is expected to continue through Friday, 02/15/19. Increased concerns exist for significant impacts in, and around, the burn scar areas and foothills. Debris flows are possible due to the chance of increased precipitation over the next couple of days. Thursday is expected to see the heaviest rainfall rates with the possibility of thunderstorms also affecting northern California. Reservoirs are capturing the majority of the run off, however flood stages expected to be exceeded on multiple rivers. See [River Forecasts and Flooding for specific rivers and locations](#). Cal OES Duty Officers are monitoring weather and maintaining close contact with their Operational Areas (OAs).

### **Activations**

#### • **Inland Region**

- Colusa County Emergency Operations Center (EOC) activated Level 1 (Lowest).
- Shasta County EOC activated at a Level 1 (Lowest).
- Tehama County EOC is activated at Level 1 (Lowest).
- Madera County EOC is activated at Level 1 (Lowest).
- Cal OES Inland Region Duty Officer is monitoring weather and maintaining close contact with Operational Areas.

#### • **Coastal Region**

- Sonoma County EOC will activate at level 2 at on 2/14/19 at 0800 hours.
- PG&E has activated their EOC throughout the Bay area in order to respond to storm-related outages safety.
- City Of San Jose has activated at level 1 (Lowest).

#### • **Southern Region**

- San Diego Gas and Electric activated their EOC at a Level 1 (Lowest).
- Riverside County activated their EOC at 1400 hours on 02/13/19 at a Level 3 (Lowest).
  - The EOC has established an “A” (day) and “B” (overnight) shift.
- San Bernardino County EOC will be activating on 02/14/19 at Level 3 (low level) from 0700-2200 hours.
- Southern Region EOC is establishing a potential staffing pattern for an “A” (day) and “B” (overnight) shift on Wednesday night 02/13/19 and will determine today whether they will activate to support Riverside County.
  - Cal OES Southern Region EOC will activate from 0700 – 1900 hours on 02/14/19.

# **SITUATION SUMMARY**

## **Proclamations**

- Shasta County proclaimed a local emergency due to the Winter Storm event on 02/13/2019. No request for a Governor's proclamation or CDAA at this time.

## **Evacuations**

### **Mandatory**

- On As of 1600 hours today, mandatory evacuations are in place for the Holy Fire.
  - Areas include: Amorose, Alberhill, Glen Eden, Glen Ivy A/B, Grace, Horsethief A, Laguna A, Maitri, McVicker A, Rice, Withrow A
- Ventura RV Park will be closed / evacuating as of 2200 hours this evening due to the Ventura River flood threat.

### **Voluntary**

- Evacuation Warning for Trabuco Creek, Rose Canyon and Mystic Oaks/ El Carsio in Ventura County starting and 1500.
- Cranston Fire burn scars in Riverside County

## **Road Closures**

- See "Major Highways / Bridges / Road Closures" slide.

## **Shelters**

- Temescal High School at 28755 El Toro Rd., Lake Elsinore, Riverside County
  - Overnight Population: 1
- Idyllwild Arts School at 52500 Temecula Rd., Idyllwild, Riverside County
  - Will open at 1200 hours to support Cranston Fire burn scar evacuations

# SITUATION SUMMARY

## **Critical Infrastructure**

- Per CUEA DO as of 02/13/19 at 1334 hours.
  - Slightly more than 73,000 customers, predominantly in their Sacramento Valley area, are out of service, on over 700 outages.
  - PG&E is also experiencing over 300 individual outages, impacting almost 17,000 customers in the Monterey County area. The impacted customers are almost all within the Monterey Peninsula, Big Sur, Carmel Valley, and Salinas areas.
    - There are 2 large outages along Reservation/River Road from Blanco Road to south of Chualar and 3 large outages in the Toro Park Estate areas along Highway 68. These five outages are impacting about 2500 customers.
    - There are 8 large outages in Pebble Beach, impacting over 1600 customers.
    - There are 2 very large outages in Monterey City, affecting over 3500 customers
    - There are 4 different large outages in Carmel. About 2400 customers are without power because of these outages.
    - Carmel Valley has sustained one very large outage, with 2300 customers impacted, and another 7 smaller outages with just over 500 customers affected.
    - 400 customers in the Point Lobos and Carmel Highlands areas are without power from a single outage.
    - Along the Big Sur Coastline from Spindrifft Road south to Rocky Creek crossing, almost 600 customers are in the dark.
    - The remaining 275 or so outages are either individual outages or impacting smaller numbers of customers at a time.
    - Crews are working these outages as safely and as expeditiously as possible. There are no reliable estimated times of restoration at this time.

## **Schools**

- Rice Elementary School 29535 Westwind Dr, Lake Elsinore will be closed tomorrow until 02/15/19.
- Withdrow Elementary School, 30100 Audelo St, Lake Elsinore will be closed tomorrow until 02/15/19.

## **Missions**

- **2019-LAW-57576:** Riverside County Sheriff's Office is requesting six (6) High Water Vehicles from the California National Guard.
- **2019-SOUTHERN-57590:** Southern REOC is requesting a Caltrans Agency Representative to support Southern REOC at 0700 hours on 02/14/19.
- **2019-INLAND-57624:** Request for two (2) CalFire/CDCR hand crews to assist in flood fighting in Colusa County. Requested 02/13/2019. 1 crew on scene, 1 coordinating.
- **2019-INLAND-57657:** Request for five (5) CalFire/CDCR hand crews to assist in snow removal and flood fighting in Shasta County. Requested 02/13/2019. Coordinating.

# SITUATION SUMMARY

## California/Nevada River Forecasts

Many rivers across the state are currently at monitoring and flood stages. For River Forecast Guidance, please visit <http://www.cnrfc.noaa.gov/>

### Inland Region

**The following rivers are forecast to meet or exceed Flood stage:**

- **Tehama County:** Sacramento River at Tehama Bridge is forecast to be above flood stage at **215.4 feet** the afternoon of 02/14/19.
  - Between 213.0 and 214.0 feet the county park becomes inaccessible. Lower trailer park slots (temporary slots) start to flood.
- **Tehama County:** Sacramento River at Vina Woodson Bridge is forecast to be above flood stage at **183.9 feet** the evening of 02/14/19.
  - Woodson Bridge Park is closed due to flooding. Water is up to the top steps of the recreation center at Woodson Bridge RV Park and spaces 15-33 begin to take on water on the east bank of the river.
- **Glenn County:** Sacramento River at Ord Ferry is forecast to be above flood stage at **115.4 feet** the morning of 02/15/19.
  - Designated flood stage. Design overflow level for M&T, 3BS and Goose Lake Flood Control facilities to divert flood flows into Butte Basin. M&T overflows closing River Road from Ord Ferry Road to Chico River Road. Ord Ferry Road is already closed.
- **Sacramento County:** **Cosumnes River at Michigan Bar, is forecast to be above flood stage at 12.1 feet the evening of 02/14/19.**
  - **Water flows on to the road near Wilton.**

**The following rivers are forecast to meet or exceed Monitor Stage:**

- **San Joaquin County:** Mormon Slough at Bellota.
- **Tehama County** Sacramento River at Red Bluff.
- **Plumas County:** Middle Fork Feather River at Portola.
- **Glenn County:** Sacramento River at Hamilton City, Sacramento River at Butte City.
- **Colusa County:** Sacramento River at Moulton Weir, Sacramento River at Colusa Weir, Sacramento River at Colusa Bridge.
- **Yuba County:** Yuba River at Marysville.
- **Sutter County:** Sacramento River at Tisdale Weir, Feather River at Nicolaus, Sacramento River at Fremont Weir.
- **Placer County:** Bear River at Wheatland.
- **Yolo County:** Sacramento River at Fremont Weir, Yolo Bypass at Lisbon, **Cache Creek at Yolo**
- **Sacramento County:** Cosumnes River at McConnell, Mokelumne River at Benson's Ferry.
- **Merced County:** Merced River at Stevinson, Bear Creek at McKee Road.

### Coastal Region

**The following rivers are forecast to meet or exceed Flood stage:**

- **Humboldt County:** Eel River at Fernbridge is forecast to be above flood stage at **22.2 feet the evening of 02/14/19.**
  - **The western half of the Eel Delta may be completely flooded, especially if at or above this level for an extended period of time. This include areas northwest of Loleta, Cannibal Island Road. A Special Action Advisory is being issued to all owners of livestock in low-lying areas of the Eel Delta. These animals are at risk due to rising river levels, and appropriate action should be considered.**

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# SITUATION SUMMARY

## Coastal Region (continued)

### The following rivers are forecast to meet or exceed Flood stage: (continued)

- **Mendocino County:** Navarro River at Navarro is forecast to be above flood stage at [32.8 feet](#) the afternoon of 02/14/19.
  - Water will flow over the south bank of the river approximately 1 mile east of Highway 1, and begin to flood property in this area including six homes. Expect closure of Highway 128. Motorists should use alternate routes.
- **Sonoma County:** Russian River at Guerneville is forecast to be above flood stage at [37.8 feet the morning of 02/15/19](#).
  - In Forestville, Marabel Road at River Road floods. In Guerneville, River Road east of Guerneville floods. Mill Street and 5th Street flood. In Monte Rio, River Blvd east of Monte Rio floods.
- **Napa County:** Napa River at Saint Helena is forecast to be above flood stage at [18.7 feet](#) the morning of 02/14/19.
  - Minor flooding of low lying agricultural areas along river begins. Low lying rural residential areas immediately adjacent to the river and some secondary roads affected.
- **Napa County:** Napa River at Napa is forecast to be above flood stage at [25.3 feet](#) the afternoon of 02/14/19.
  - In the city of Napa, flow begins to leave the Napa River channel in the South Coombs area (north of Imola Avenue) and the south oxbow (near Taylor Street). Crop losses and erosion damage become serious. Moderate flood damage in lower parts of urban areas along the reach. Transportation in the Napa Valley becoming difficult.
- **Santa Clara County:** [Guadalupe River at San Jose at Alamaden Expressway](#) is forecast to be above flood stage at [8.6 feet the morning of 02/14/19](#).
  - [River begins to overtop upstream of Alma Avenue bridge into the Elk's Lodge, spilling north.](#)

### The following rivers are forecast to meet or exceed Monitor Stage:

- **Monterey County:** Carmel River at Robles Del Rio.
- **Solano County:** Sacramento River at Rio Vista
- **Sonoma County:** [Russian River at Healdsburg](#)
- **Mendocino County:** [Russian River at Hopland](#)

## Southern Region

### The following rivers are forecast to meet or exceed Monitor Stage:

- **San Diego County:** Santa Margarita River at Ysidora is forecast to be above flood stage at [14.2 feet](#), the evening of 02/14/19.
  - Vandergift Road flooded and is flooded for several miles downstream of the gage site. Stuart Mesa bridge has been overtopped. Portions of Stuart Mesa Road near the bridge are flooded.
- **San Diego County:** San Diego River at Fashion Valley is forecast to be above flood stage at 13.8 feet, the evening of 02/14/19.
  - Parking Structures designed for flooding fill with water. Golf course under water. Hotel Circle Road North under water.
- **Ventura County:** Ventura River at Foster Park is forecast to be above flood stage at [17.9 feet](#), the afternoon of 02/14/19.
  - Ventura River begins to flood the Ferro Ranch area just upstream of the Main Street Bridge in Ventura.

#### **Preposition of Resources**

- Cal OES Fire and Rescue staff are coordinating with local Operational Areas (counties) to preposition fire apparatus and personnel to augment local resources in preparation for the current weather/Mud and Debris Flow event. The following resources have been requested by the local Operational Areas and approved via the California State Mutual Aid Pre-Incident Preparedness Guidelines:
  - **Riverside County, CA-OES-190016:**
    - 2 Strike Team of OES Engines from Riverside and San Diego Operational Areas (10 type 3 Engines).
    - 2 Type 6 Engines (4 personnel)
    - 1 type 3 Swift Water Rescue Team (6 personnel)
    - 2 Communications Dispatchers
    - 1 All Hazard Incident Management Team 3 (14 persons).
    - Units will be staged at the Lakeland Community Center in Lake Elsinore (Start time 02/13/19 at 1200 hours)
  - **Tulare County - CA-OES-190017:**
    - 1 Strike Team of Local Government Type 6 Engines (5 Type 6 Engines).
    - 4 Type 1 OES Engines, 1 Type 3 OES Engine.
    - 1 Type 3 Swift Water Rescue Team (4 personnel).
    - 1 Type 2 Bulldozer.
    - Units will be staged at 32490 Hwy 198, Lemmon Cove and 22315 Ave 152, Porterville (Start time 02/13/19 at 0600 hours)
  - **Orange County - CA-OES-190018:**
    - 2 Type 2 Bulldozers
    - 1 Helicopter
    - 1 Type 21A Hand Crew and 1 Swift Water Rescue Team (4 personnel).

# CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	911 Outages	No 911 Outages

## 911 Outages/Remote/Community Isolations (Final):

### **Central Office in Shingletown, CA – Isolation**

At 0941 hours the California State Warning Center (CSWC) was notified by Cal OES 9-1-1 Branch that the customers served by the Central Office in Shingletown, CA.

- Time Outage Started: 0632 Hours
- Time Outage Reported: 0857 Hours
- No estimated time of restoral. Techs are currently working to restore service.
- Wireless Calls Impacted: No
- Wireline Calls Impacted: Yes. 2,600 telephone line without access to 9-1-1.
- Jurisdiction Affected: SHASCOM
- Issue is reportedly network related. Technicians have been dispatched to Hatchett Mountain to work on the problem.
- The roads are blocked by snow and technicians are having to use snowshoes to get to the site.
- Isolation has been resolved.

### Service Interruptions:

- None reported

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- A strong storm event will bring widespread precipitation with moderate to heavy rain and mountain snow. Local flooding with ponding on roads and rises on streams and rivers possible through Thursday. Periods of wet weather continue into the weekend.
- Del Norte Interior, Interior Humboldt County, Trinity County.
  - Heavy snow expected. Plan on difficult travel conditions, including during the evening commute on Thursday. Total snow accumulations of 7 to 14 inches, with localized amounts in excess of 24 inches, are expected for elevations above 2500 feet.

## **SOUTHERN CALIFORNIA**

- A Flash Flood Watch will be in effect from 0400 hours to 2200 hours Thursday. Frequent light showers will continue through early tonight, becoming more widespread and moderately intense this evening and tonight.
  - Rainfall will be more persistent and heavy after 1800 hours Thursday, with the peak rain rates expected in the morning and through early afternoon.
  - Rain will transition to lighter scattered showers late Thursday afternoon for the Holy Fire scar, and Thursday evening for the Cranston Fire scar.
  - 3.5 inches are expected over lower elevations of the scars through Thursday night, with higher elevations of Holy and Cranston fires seeing around 7 and 8 inches respectively.
  - Snow levels above 9,000 feet, snow melt in and above the Cranston Fire scar will contribute to total runoff.

### **Weather Advisories, Watches, and Warnings currently active in California:**

### **Active Weather Warnings, Watches and Advisories by County:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**02/13/19 - 02/19/19**

## **Wednesday-Thursday**

- Wet and impactful storm occurring across much of the state
  - Travel will continue to be significantly impacted over the Sierra and mountains of northern California.
    - 6-12 inches in foothills and near Redding, locally up to 18 inches possible
    - 2 to 5 feet of snow accumulation with locally up to 7 feet above 5000 feet in the Sierra
  - Heavy rain may cause flooding and flash flooding
    - Central coast, Sacramento and San Joaquin Valleys, the Sierra foothills and portions of southern CA.
      - Recent burn scars may also be impacted
    - Northern Coastal Areas – 3.00-7.00 inches
    - Sacramento Valley – 1.50-3.00 inches
    - Central Coastal Areas – 1.50-5.00 inches
    - Southern California Coastal Areas – 1.50-3.00 inches
    - Southern California Coastal Slopes/Mountains – 4.00-7.00 inches
    - Sierra – 4.00-10.00 inches (liquid equivalent)
  - Significant rises in creeks and streams will result in areas of urban and small stream flooding across the state
  - Minor main stream river flooding likely in the Sacramento Valley and possible along the Central and far Southern Coastal areas
  - Gusty south and southeast winds will continue to increase threats for downed trees and power outages

## **Friday-Sunday**

- Another round of rain and mountain snow across the state.
  - Periods of travel impacts will likely continue over the Sierra and northern CA mountains.
  - No flooding concerns expected.

## **Monday-Tuesday**

- Dry conditions across the state with no significant impacts

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2019-LAW-57610, 2/13/2019, 0628 hours:** IERCC advising of a SPOT “SOS” activation at GPS coordinates 39.156450N -120.847140W, plotting between the North fork of the American River and I-80 in Placer County. IERCC spoke with the registered owner’s (R/O) husband and learned the R/O was solo hiking in the area and was driving a blue 2008 Toyota Prius. At 0640 hours, LDO relayed the SPOT activation information to Placer County Sheriff’s Office (PCSO)Dispatch, who initiated a response. **Mission On-going**
- **2019-LAW-57576, 2/11/19, 1715 hours:** Riverside County Sheriff’s Office requesting four (4) High Water Vehicles from California National Guard (CaNG) to assist with potential flooding concerns in recent burn scar areas this coming week. CaNG accepted the mission and is working on tasking the resources. **Update: 2/12/2019, 0808 hours,** RCSO requesting an additional (2) High Water vehicles, for a total of (6) to include both the Holly and Cranston Burn scar areas. LDO updated MRT and CaNG accepted the mission. **Mission On-going.**

# Cal OES MISSIONS TASKINGS

## Cal OES Missions

- **2019-SOUTHERN-57471:** Daily Operations - Mono County is requesting 1 California Conservation Corp (CCC) crew (Tahoe Center) to assist with critical snow removal operations in Mammoth Lakes. (On Scene)
- **2019-SOUTHERN-57469:** Daily Operations - Mono County is requesting 2 CDCR hand crews from Owens Valley Conservation Camp #26 with 2 CAL FIRE Captains to assist with critical snow removal operations in Mammoth Lakes. (On Scene)
- **2019-SOUTHERN-57447:** Daily Operations - Mono County is requesting 2 CDCR hand crews from Owens Valley Conservation Camp #26 with 2 CAL FIRE Captains to assist with critical snow removal operations in Mammoth Lakes. (On Scene)
- **2019-SREOC-57441:** Daily Operations - Riverside County is requesting 2 "MUCKERS", 4 operators, and 1 supervisor from Caltrans to assist with excavating under road culverts properly prior to the next rain event. (On Scene)
- **2018-SOUTHERN-56869:** Daily Operations - Communication Support for the Baker to Vegas Challenge Cup Relay XXXIV
- **2018-IREOC-49869:** 2018 July Statewide Wildfires - Debris Management Task Force for Shasta County. (On Scene)
- **2018-CREOC-48046:** 2018-06-23-Lake-Wildland Fire - DTSC to clear debris from Pawnee Fire. (Coordinating)
- **2018-IREOC-45244:** Daily Operations - Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene - Long-term assignment)
- **2017-INLAND-42559:** Daily Operations - Weather station installed to gather real time rainfall data by Air Resources Control Board (ARB). Mission extended through 05/30/19. (On Scene)
